

# Onelinedrawing, Oh, Boys

First it was this guy I was dating (we broke up)  
He did something else to it later, and she's still  
Bearing the scars  
Then there was this nice guy, he liked me, but he did it too  
My boyfiend's the third one so far  
Boys keep fuckin' up my car

All these boys tryna tell me they're so good  
They say they'll fix my carburetor, yea they'll check under the hood  
But they can't even get it to start up, much less move  
They play and pretend they're so hard  
Boys keep fuckin' up my car  
Oh, oh, boys will be boys will be boys will be boys will be boys!  
Boys keep fuckin' up my car!  
Oh, boys.
