

# OneRepublic, Goodbye, Apathy

I can't sleep now, no, not like I used to  
I can't breathe in and out like I need to  
It's breaking ice.. now, to make any movement  
What's your vice? you know that mine's the illusion  
And all at once (as i'm trying) I can help you out (  
just to keep things right)  
I'll be what you need (I kill myself to make  
everything perfect for ya)  
Goodbye apathy, so long apathy

---Chorus---

So don't sit still, don't you move away from here  
So goodbye apathy (as i'm trying), so long fancy free  
( just to keep things right)  
Goodbye apathy, (kill myself to make everything  
perfect for ya)  
I don't wanna be you

I don't walk right, not like I used to  
There's a jump in my step as I rush to see you  
I could be happy here as long as you're near to me  
As long as you're close to me  
Now that I'm alright (as i'm trying) I can help you  
out ( just to keep things right)  
I'll be what you need (I kill myself to make  
everything perfect for ya)  
Goodbye apathy, goodbye apathy

---Chorus---

So don't you stop pushing me, I can take so much  
So goodbye apathy (as i'm trying), so long fancy free  
( just to keep things right)  
Goodbye apathy, (kill myself to make everything  
perfect for ya)  
I don't wanna be... you...

Everybody is watching you, everybody is watching me  
too ....
