

OneRepublic, Someone To Save You

Patience

Took you for everything
Looked like a diamond ring
and you wore it so much longer than made sense
Apathy in disguise
Crept on you like a spy
Hurt you in ways
You can't describe

Bridge

Back to the start now
I won't let you go this way now

Chorus

Honesty
Is what you need
It sets you free
Like someone to save you
Let it go
But hurry now
There's undertow
And I don't want to lose you now

All right

Sit down and spill your heart
Let's start from the very start
Cause I can see by your eyes
You're wasted
Your energy comes and goes
You taking your time, you know
Nothing can change what happened, you know

Bridge

Chorus

Now

Now

Oh my

Look at your bright stars fade so
How much can you take?

Chorus

Na Na Na Na Na Na Na (x14)

I said to save you

Save you

Save you

Someone to save you

What you need is

Someone to save you
