

OneRepublic, Wait

Now I take my time
sit and wait
there's no comfort I will find today
I'm close so still (?)
I pray for peace comfort in this head
these crazy seas will drown me dead
But I've learned to swim
Now I'm jumping in

Ohh you could say this heart is strong enough
yeah you could say
I'm afraid this heart will never give up
so I wait and I wait

Not far to go
ocean crossed
titanic storm
but I'm not lost
beneath the ice
I've paid the price
oohh

you could say this heart is strong enough
yeah you could say
I'm afraid this heart will never give up
so I wait and I wait

I rode the sevens (?)
paid the house (?) now I'm over you
it's true
just put a letter in my box say it's all for you
all for you
for you..

You could say this heart is strong enough
well you could say
I'm afraid this heart will never give up
say I wait
You could say this heart is strong enough
yeah you could say
I'm afraid this heart will never give up
so I wait and I wait.
