

# Onslaught, Angels Of Death

Tyrants from hell  
Prepare to burn our souls  
At the sound of the knell  
The Earth becomes a morgue

Angels of death  
The seven trumpets hail {x2}

Tyrants from hell  
Have lust to burn our souls  
Death by the flame  
In darkness we shall fall  
Nuclear warfare  
A war to end all wars  
Fire from hell  
Revelations told

Engulfed in this tomb  
Death awaits us all  
Power and greed  
Are our captors in this hell

Angels of death  
The seven trumpets hail {x2}

Tyrants from hell  
Prepare to burn our souls  
At the sound of the knell  
The Earth becomes a morgue

Angels of death  
The seven trumpets hail {x2}
