So travel through the mind of a maniac automatic

You panic get deaded, a nigga on the planet

[Sonee Seeza/Sonsee]

Feel the black stone, hit the do', roamin the ??????cal

Fills and skills to put chills in ya backbone

[Chorus x2]

[Big DS]

So back up off the block, blow up the spot

So left-right-left-right

Take it to the center, and enter

(The black reign domain, a plain you never been to)

And you know what this is (what?) Face down on the floor

[Chorus x2]

[Sticky Fingaz]

Don't be afraid, you'll only lose your life that way

I'm an endangered species, surprised to live to see today

but if you're readin between the enemy line you'll find I'm insane

Too much strain on the brain, capable to pop a vein

So I'ma do-it do-it do-it do-it do it like this

The Onyx is here, so back up or get dissed

And if you put me to the test, I'll lay you to rest

Bring it right to his chest, put it straight through his vest

[Chorus x2.5]
