

# Ookla The Mok, Bride Of Wolfman

Even a man who is pure at heart  
And says his prayers by night  
May become a wolf when the wolfsbane blooms  
And the autumn moon is bright

Lawrence Talbot:

People tell me that I'm insane yeah  
But when you're living in Transylvania  
Being crazy is just a state of mind  
When you're the Wolfman it gets kind of lonely  
And though I know that I'm the only one  
I stalk the full moon searching for a bride  
For my bride  
Ever since that werewolf bit my arm  
I've been loping through the moors inflicting harm  
But I'm telling you I'm not that bad  
And before I get killed by my dad  
I want someone to share what's left of my life  
I want a wife

Im-Ho-Tep:

You want a woman man that's plain to see  
But I'm your Mummy so you listen to me  
Don't put your reputation on the line  
People told me I was getting P-whipped  
When I was living with the Queen of Egypt  
But now she's dead and I'm getting by just fine  
Ask Frankenstein  
So Larry let me remind you about your life  
You're the Wolfman, you can never have a wife

Lawrence Talbot:

But even Dracula has got a bride

Im-Ho-Tep:

I know, and so does Frankenstein

Lawrence Talbot:

But under the full moon I'm alone

Lawrence Talbot and Im-Ho-Tep:

And you can't fool me I can see  
That you can't even look at me  
And I am a monster in your eyes  
I swear to God I'm not the same inside  
The man I am under the sun  
Would never do the things I've done  
And I won't cry

Sometimes I want to lay my head back and howl

Lawrence Talbot:

I can never be the one who'll hold you tight  
I can never be the one who'll hold you till the morning light  
I can only be the one who'll hold you down  
Until you lie underground

But if you survive then you will rise

Im-Ho-Tep:

And you'll be seeing things my way soon  
Cause underneath the light of the next full moon  
I think you'll agree

Lawrence Talbot:

Maybe you can be the Wolfman's bride
