Oomph!, A.L.I.V.E

You keep me fucking alive my dear

And I can promise you wherever you are

Im gonna keep on searching you

And when Ive found you I will show you my scar

You keep me fucking alive my dear

And I can tell you that Im pretty upset

And even if its long ago

I may forgive but I will never forget - no!

You keep me fucking alive

You keep me fucking alive

You keep me fucking alive

You keep me fucking A.L.I.V.E.

You keep me fucking alive my dear

And yes I know Ive got a little defect

I will be full of sick desire

But I think I deserve you fucking respect

You keep me fucking alive my dear

And I know someday I will know where you live

And now the more I think of you

I can imagine that III never forgive - yeah!

You keep me fucking alive

You keep me fucking alive

You keep me fucking alive

You keep me fucking A.L.I.V.E.

You keep me hunting

You keep me hating

You keep me bleeding

You keep me waiting

You keep me breathing

You keep me biting

You keep me kicking

You keep me fighting

You keep me fucking alive

You keep me fucking alive (you keep me fucking alive)

You keep me fucking alive

You keep me fucking A.L.I.V.E.
