

# Oomph!, Foil

peel me  
stab like a fencer  
until I can feel you again  
heal me  
spread like a cancer  
until I can feel all this pain  
burn like a fire  
release me  
and then let me drown again  
burn like a fire  
to freeze me  
and then let me drown again  
tease me  
crush down my beaver  
until I can see you again  
ease me  
hush me with fever  
until I can see all this rain  
burn like a fire  
release me  
and then let me drown again  
feed my desire  
relieve me  
and then let me down again  
feed my desire  
deceive me  
and then let me down again
