

# Oomph!, Suck - Taste - Spit

Bad milk comes in your mouth  
Bad milk burns on your tounge  
Makes you afraid  
Bad milk runs in your gorge  
Bad milk - Now you are here  
Now it's too late

Suck - Taste - Spit  
Welcome to life

Bad words crash in your ears  
Bad words - Down in the womb  
You couldn't hide  
Bad words smashing your soul  
Bad words - Could you get back  
Back to the night?

Suck - Taste - Spit  
Welcome to life

Bad flood flushing your veins  
Bad blood - Up to your head  
Down to your heart  
Bad blood crushing your dreams  
Bad blood eats you all up  
Tears you apart

You should be thankful  
Suck - Taste - Spit  
Fuck it!
