

# Oomph!, War

Dust in the sky - Another bullet for the head of a lie  
Dust in the sky - Another bullet for the head of a lie  
Where is the sun? - It is so far away  
The sun is gone - Only you gotta stay  
Don't mind if their words are true  
Just do what they tell you to  
Your will is gone - It is so far away  
Their will be done - You've got nothing to say  
You would believe if you only could see  
But there's too much fucking dust on your t  
WAR - YOU'RE JUST A VICTIM OF WAR  
Dust in your eye - And now the bullet's in the head of the lie  
Dust in your eye - And now the bullet's in the head of the lie  
Where is your pride? - It is so far away  
There's only night and you still have to stay  
Don't mind if their story's true  
Just do what they want you to  
Where is your god? - It is so far away  
There was a lot - Now there's nothing to pray  
You would resist if you only could see  
But there's too much fucking dust on your t  
WAR - YOU'RE JUST A VICTIM OF WAR  
Don't open your eyes - Don't care about lies  
Just shut your mouth - You're just a victim of war  
Keep holding your gun - Keep holding your tongue  
Just shut you brain - You're just a victim of war  
Don't care about pain - Don't care about shame  
Just shut your mind - You're just a victim of war  
Keep - Trying to sleep - Keep counting the sheep  
Just shoot 'em down - You're just a victim of war - Go! - Fight! - War
