

Open Happiness, Open Happiness

VERSE ONE

ahhh..ohhh

Well hello is this thing on

Is anybody listening

A

brand new day has begun

The first thing that I want do

Make sure that you

feel it too

So Im not the only one

CHORUS

Cmon lift me up (its a brand
new day)

Open up a lil happiness today

So I can be someone new

Cmon and lift

me up (to a better way)

Open up a smile on another face

So I can (feel

something new)

Open up some happiness

Open up some happiness

Open up some

happiness

VERSE TWO

Ahem*Ahem* let me clear my throat

So you can hear

clearly every word spoke

Today I woke feeling lovely

Happiness overflowin

knowin somebody loves me

Just think yesterday I was down and out

Now there's

not a single thing for me to frown about

And the same thing can happen to

you

Smiling so hard my mouth look like a capital U

VERSE THREE

I want

the sun to shine

All the time

Is that too much to ask

Oh, I want to have

some fun

I want all my friends to come

Cause its now or never

Learn the

words and sign together

CHORUS REPEAT

Cmon lift me up (its a brand new
day)

Open up a lil happiness today

So I can be someone new

Cmon and lift me

up (to a better way)

Open up a smile on another face

So I can (feel something

new)

Open up some happiness

Open up some happiness

Open up some

happiness

BRIDGE

Your heart deserves your trust

A choice made for all of
us
The sun will come back tomorrow
Theres a message in a bottle
So come on
Ill meet you there
Theres enough sunshine to share
As long as you know
The
bridge between us is a rainbow
CHORUS REPEAT
Cmon lift me up (its a brand
new day)
Open up a lil happiness today
So I can be someone new
Cmon and lift
me up (to a better way)
Open up a smile on another face
So I can (feel
something new)
Open up some happiness
Open up some happiness
Open up some
happiness
