

Operation Ivy, Chasing The Night

standing here in front of the mirror
it's gonna be alright tonight
feelin hot yeah I'm on fire
I'm never ever goin to tire

Tonight
chasing the night
it's gonna be alright

live my life as I choose
I paid the price, paid my dues
you know I need no alibi
daytime troubles fading
nights intoxicating
gonna have it all tonight
that aint no lie

*CHORUS- Tonight
