

# Operation Ivy, Hedgecore

what happened to your bush  
it's not the same  
something in your hedge  
made a violent change  
we come we see  
we dive and destroy  
and annihilating shrubs is what we enjoy

hedge core hedge dive hedge hedge core  
we're (doin?) hedges to stay alive

it's anarchy night every night of the year  
with chaotic mayhem  
we keep your bush in fear  
terrorist assassins of creative gardening  
fucking up your hedge here's what we sing
