

Operation Ivy, Officer

ah-ah-ah- FUCK YOU!!!
pick it up

Do you have to force yourself with power and control
Do you feel a need to live your life playing up a role
Intimidating people with your wall of sight and sound
You and your kind destroy our underground

All the happiness that you have destroyed
All the brutal tactics that you always employ
All the fucking bullshit when will it ever stop
The comparison is obvious: you're just a fucking cop
Officer - you act like an animal, you're out of control
Officer - what the hell is wrong with you, YEAH!!

Wear a tie if you want to wear a uniform
Join the army if you want to conform
Tough guy bigman do what you can
Whatever you destroy we'll create it again

All the happiness you have destroyed
All the brutal tactics that you always employ
All the fucking bullshit when will it ever stop
The comparison is obvious: you're just a fucking cop
Officer - you act like an animal, you're out of control
Officer - what the hell is wrong with you

officer....

why don't you make it stop??
