

Operator, Nothing To Lose

Yeah
Honey youve been trippin
Are you ready
Dont give a fuck
cause youve got nothing to lose
then baby youve got it all
who says you dont want it
Don't you get it
If youve really got nothing to lose
Then baby youve got it all
You Youll never realize
The pain you cause inside
Its easy if you try
When youve got nothing to lose
Then baby you got it all
When youve got nothing to lose
Then baby you got it all
Yeah
Honey arent you ready
Dont you get it
Even if you got nothing to lose
Then baby you got it all
You Youll never realize
The pain you cause inside
Its easy if you try
When youve got nothing to lose
Then baby you got it all
When youve got nothing to lose
Then baby you got it all
When youve got nothing to lose
Then baby you got it all
When youve got nothing to lose
Then baby you got it all
When youve got nothing to lose
Then baby you got it all
And I will never understand
The reasons why you cant
Change the things you cant
Its so simple man
And you Youll never realize
The pain you cause inside
Its easy if you try
When youve got nothing to lose
Then baby you got it all
When youve got nothing to lose
Then baby you got it all
When youve got nothing to lose
Then baby you got it all
When youve got nothing to lose
Then baby you got it all
