

# Ophelie Winter, Living In Me

I was sitting on the ground  
Tears were rolling down my face  
I didn't know where to find  
A place to hide my holy faith  
I took a look at the sky  
And then I saw the light  
I bait my soul forever

I've been hiding all the time  
Hiding from my life  
One day I realised  
It was time to make it right  
All you devils in disguise  
You won't make me cry, no more  
Hey, you'd better visualise  
I'm sick and tired of your lies !

I'm not gonna take it no more  
In the Lord I've found  
What I've been looking for  
He came up and knocked at my door  
Gave me strength and I'm not frightened anymore...

Lord is livin' in me  
I can hear him talk to me  
Deep in my soul, his voice is guiding my way  
Lord is livin' in me  
And he is all I got today  
Heavenly father, please  
Help me make it my way

I've been waiting all this time  
For you to say your mind  
Said, you wanna be my friend  
But sorry, I just need a man !  
All the words that you may say  
They won't get me far, no, no  
Hey, you wanna feel the love  
Baby, open up your heart

I'm not gonna take it no more  
In the Lord I've found  
What I've been looking for  
He came up and knocked on my door  
Gave me strength and I'm not frightened anymore

Lord is livin' in me  
I can hear him talk to me  
Deep in my soul, his voice is guiding my way  
Lord is livin' in me  
And he is all I got today  
Heavenly father, please  
Help me make it my way

I swear I saw Lord  
And all that I know  
He is givin' me his power  
I'm telling you  
I know  
I know  
I saw him  
Lord gave me strength to keep on going further
