

Ophelie Winter, Shame On You (English Lyrics)

Summertime...
Hangin' with my girl friends
Took a drive by
Your neighbourhood

Knocked three times
Looked through the window
Baby you lied
Like I knew you would

And I know, yeah
We used have a good time
But when I turn my back
I hear you creepin' around

All the love you made
All the promises you gave
Oh what a shame, shame on u
Boy you've done me wrong
So baby what we had is gone
Shame, shame on u...

There's no rhyme
Can't find the reason
Must have been blind
But now I can see the light
I like you moves
And boy you move me good
But I never, never found
The truth about you and I

And I know
We used have a good time
But when I turn my back
I hear you creepin' around
All the love you made
All the promises you gave
Oh what a shame, shame on u
Boy you've done me wrong
So baby what we had is gone
Shame, shame on u ...

Oh la la la ! There's no way I can deal with ya
Cuz I ain't gonna waste my time runnin after ya
And thought I like yo'... U gotta know
U better watch you back, stop callin' female a...
Big-bang, the war between the gangs is startin' yo
Ain't down with your gangbang, don't like this kinda show
So well, I'm gonna try to make it clear to yo'
That I don't give a damn, whatcha do, where U go

My mama told me twice to be aware
Cuz U're the kind of G. who's got the savoir faire !
But the smell of your skin is like sin number 7
I thought to be with U was like a gift from heaven
But I suddenly woke up to reality
And then I saw the only thing U were doin' 2 me
Was foolin' me, so...
Damm, I'm outta here !

All the love you made
All the promises you gave
Oh what a shame, shame on u
Boy you've done me wrong

So baby what we had is gone
Shame, shame on u...
