

Ophelie Winter, The Best Of Me

I stare at these 4 walls
As I lie all alone in bed
With thoughts of U in my head
Now what I see are these reflections of my dreams
The sweetest of memories
Each night keep haunting me

Tell me what to do
Release me from this hell
I've gotta feel U
In my arms again

I'm givin' U my love, gonna give U my soul
U're gonna get the very best of me
To have & to hold
I'm givin' U my love, cause U are my world
I'm givin' U the very best from me
From now til eternity

These raindrops on my pillow
Are the tears of my loneliness
Of the day that U run away from me
Your whispers in the still of the night
They rapture my broken heart
Keep tearin' me apart

Tell me I'm a fool
For losin', I'll go away
I can't be freed by U
Right here, right now, I will stay

I'm givin' U my love, gonna give U my soul
U're gonna get the very best of me
To have & to hold
I'm givin' U my love, cause U are my world
I'm givin' U the very best from me
From now til eternity

Tell me what to do
Release me from this hell
I can't be freed by U
Right here, right now, I will stay

I'm givin' U my love, gonna give U my soul
U're gonna get the very best of me
To have & to hold
I'm givin' U my love, cause U are my world
I'm givin' U the very best from me
From now til eternity
