

# Ophthalamia, Myself / Dreaming

Sleeping: Disturbing pictures of myself  
Dreaming: Running through my nightmares  
Screaming: The shadows reach out of me  
Mirrors: I'm haunted by myself

Through myself I see myself  
Darkness is engulfing me  
The ending of my mortal life  
Is the only way for me

[Whisper] The suicide is the shadows behind my face  
[Whisper] In the well of death lies my fate

Sleeping: Lying cold in my grave  
Dreaming: Dreaming no more  
Screaming: Unheard in the void of death  
Mirrors: Shatters all around

[Repeat Chorus]
