

# opm, Sound System

Now wait wait wait  
Hold on now a minute  
I'd like to say something I just can't forget  
Since the day  
I was brought into this world  
I was made to bless the boys and girls  
With the beat from the past  
I know the beat is drastic  
If you step up  
Then you're gonna get you're ass kicked  
Blasted  
Now we're doing our time  
But the music of Jamaica always makes me feel fine  
We gonna grind  
And wind up your way  
Tell the DJ he better pump up the base  
Tell the DJ she better pump up the base  
And when we hit the town we gonna mosh up the place

(Chorus)  
Hooooorah round my left side  
And Hooooorah round my right  
This is how we rolling when we rolling through the night  
Singing  
Sound system in my backyard tonight  
Everybody's moving with me up all night  
Turn up that volume lads  
Wake up the town  
Police men come but he can't shut us down  
No no

Next stop  
Now bump up the style  
(What)  
Bump up the town  
If ya coming around then we gonna get down  
Talk Possa (????)  
Well ya better back it up  
Coz I got the full form in the back of my truck  
And if you wanna bring it on  
Then its gonna get fucked  
I said you wanna get down  
Then its gonna get fucked  
You need a hit (ahh)  
I got the THC  
Its time to motivate against the powers that be  
We got the sound system for the masses to move  
We got the sound system for the asses to groove  
So grind and mosh up the place  
And tell the DJ she better pump up the base  
(Chorus)

Na na na na na na  
Na na na na na na  
Everybody everybody everybody  
Na na na na na na  
Na na na na na na  
Everybody everybody everybody  
Na na na na na na  
Everybody got the whole back line now  
Na na na na na na  
Push it up style, nice party  
Na na na na na na  
When we rolling with that

(Chorus)

Sound system got me feeling alright tonight  
Pumping on the dojay and sipping on the red stripe (x6)
