## opm, Sound System

Now wait wait wait
Hold on now a minute
I'd like to say something I just can't forget
Since the day
I was brought into this world
I was made to bless the boys and girls
With the beat from the past
I know the beat is drastic
If you step up
Then you're gonna get you're ass kicked

Blasted Now we're doing our time

But the music of Jamaica always makes me feel fine

We gonna grind

And wind up your way

Tell the DJ he better pump up the base Tell the DJ she better pump up the base

And when we hit the town we gonna mosh up the place

(Chorus)

(Chorus)

Hoooorah round my left side
And Hoooorah round my right
This is how we rolling when we rolling through the night
Singing
Sound system in my backyard tonight
Everybody's moving with me up all night
Turn up that volume lads
Wake up the town
Police men come but he can't shut us down
No no

Next stop Now bump up the style (What) Bump up the town If ya coming around then we gonna get down Talk Possa (????) Well ya better back it up Coz I got the full form in the back of my truck And if you wanna bring it on Then its gonna get fucked I said you wanna get down Then its gonna get fucked You need a hit (ahh) I got the THC Its time to motivate against the powers that be We got the sound system for the masses to move We got the sound system for the asses to groove So grind and mosh up the place And tell the DJ she better pump up the base
