

Orange And Lemons, Just Like A Splendid Love Song

Spending my days with you
Is like living in a world of fancy
With all the beautiful people I know
Makin' love in a world of vivid colours
How often have I been there

Well it really doesn't matter
As long as we're together

You and me, together we will journey
To seek and see the colours of our fantasies
Come to life with the stroke of your soothing hands

All the questions of life
I will come to understand

Seasons come and seasons go
Stars will shine and lose their glow
But every time I try to look back, I know

You and me in love with each other
There will be no problems that will bother
Just the two of us painting a world of our own
Everything is perfect
Just like a splendid love song
