

# Orange Blue, She's Got That Light (Orange Mix)

Sometimes when she looks up  
it seems as if she's by herself.  
Devil whispers in my ear,  
I tried in vain to reach her world.

There are many silent words,  
raising heads while the tide still sounds.  
And there are many weeping eyes  
hand in hand while the wind still pounds.  
But the cycle never ends,  
the curtain falls burying my tears.  
Though the carpet of gold  
seemed to be quite near.

She's got that light around her eyes.  
A gleaming star surrounds her mind.  
She's got that smile imbued with soul.  
I need her hand, 'cause she's my home.

She's got that light around her eyes.  
A gleaming star surrounds her mind.  
She's got that smile imbued with soul.  
I need your hand, 'cause your my home.

Wish you could hear the sound  
of my trembling faceless thoughts.  
Wish I could stop the fading of my dream  
with honest words.  
The youth of your voice  
feels like the touch of fallin' snow.  
Sitting in the dark,  
hoping that future will grow.

She's got that light...

I know for sure I'll listen to your song.  
I wouldn't leave you in time of glacial  
storm.  
Tell me where are you coming from ?  
You're my own true love in a foreign  
home.
