

Orange Goblin, Your World Will Hate This

Turning you on to a world full of shit
Twisted beyond a return
Filling our brain with a lot of cocaine
'Cos I got money to burn

We know that your world will hate this
This is what we do to survive

Reeking of ether and terminal madness
Trapped in a psycho disguise
I've got the heart of a wolf and I'm thinking
This is the best way to die

We know that your world will hate this
This is what we do to survive

This is the world that I share with the clowns
Loaded on vice and disease
Filling your head with an urge to be dead
The least you could do is say please

We know that your world will hate this
This is what we do to survive

We know that your world will hate this
This is what we do to survive
