

# Oratory, As One

As One

We live this together  
We're Bounded by sound  
All these years of struggle  
Are keeping us strong

We reach for each other's smile  
We're playing with the same mind  
We know that we'll be together  
Through out time

We're living a dream  
And we know  
It's part of our lives  
This kind of sound  
There's no way to hide  
What we own  
We'll always be here  
As one

The force of this bounding  
Goes on through the years  
A look in the eyes  
Can mean more than the words

We reach for each other's smile  
We're playing with the same mind  
We know that we'll be together  
Through out time
