

Orbit, Paper Bag

Take my hands
Take my arms
Take my light
If you don't I'm going home

Tie my hands
Tie my tongue
The poison haze
It comes over me again

Yeah, the poison in my head
Would it make me brave
The poison in my veins
Could it make me clean

Take my toys
Take my friends
Shed my skin
You won't ever see again

REPEAT CHORUS

Yeah, the poison in my head
Would it make me brave
The poison in my brain
Could it make me sane
