

Orbit, Wake Up

I'm under covers
I'm under waters
Check out the fish and
Check out the blue and green
Breath in the colors
Breath in the waters
Breath in the liquids
Breath in the blue and green

I don't want to wake up
I'm overcome and I'm over everything

Up above the trees
Up above your head
I'm the sonic boom
Got no gravity
Up above the land
I'm the flying man

I don't want to wake up
I've had fifteen dreams she said
One for every lover's bed
I don't want to wake up
