

Orchid, O.S.K.

For the love of hate,
for the pretty ones.
Tear off this face, and
I'll still be singled out.
Eat the candy (shit) you deserve
I'll be sure to step on your toes.
I'll piss on your sunshine parade.
I'll piss on your sunshine parade.
Sinsurity trips me up.
Laugh as I stumble.
One day...
One day I promise.
