

# Oren Lavie, Short Goodbye

Sweet melodies  
Breaking on a sullen ear  
Will endear  
And bring memories  
Sweet melodies  
Sweet melodies  
Cross an ancient battlefield  
Soaring still and claim memories  
Say a short goodbye, a short goodbye now, a short goodbye now  
Say a short goodbye, a short goodbye now, a short goodbye.  
Sweet melodies  
At a trembling finger stroke  
Will evoke  
A skin memory  
Sweet melodies  
Sweet melodies  
Fade to quiet evening pale  
And a trail of white memories  
Say a short goodbye, a short goodbye now, a short goodbye now  
Say a short goodbye, a short goodbye now, a short goodbye.
