

Orgy Complex, Living Dead Brain

You did this to yourself
Walking around retarded as hell
Dazed and confused
What are you gonna do?

Toke that bong
You can't go wrong
It's the only way
To get away

CHORUS

You're a living dead brain living dead brain living dead
Living dead brain living dead brain living dead
Everything is gonna be alright
Living dead brain living dead brain living dead
Living dead brain living dead brain living dead
All you have to do is get high

When life gets hard
You go get high
That is the way
You know how to survive

This shit makes you feel so alive

Toke that bong
You can't go wrong
This pain
Will make you insane

CHORUS

You just hit rock bottom
You did this to yourself
You have no friends
You're about to kill your self

Toke that bong (x4)

Toke that bong
It did you wrong
And now you're
A Living Dead Brain!

CHORUS (x2)
