

Orgy, Dissention Remix

Dissention Remix

found out you're really something
they talk about you
then turn your confidence
against you now
into nothing
grinning from the daze
petrified and blazed
feels good to know they care
special friends
simply two faced

chorus:
you couldn't let go
your talking got you here
tearing up everyone
respect you know

they say I'm jaded
'cause they know its true
with all those silly people
on the wonder wheel
glisten from the daze
purified and crazed
feels good to hear them share
hateful friends
simply two-faced

chorus:
dont waste your preciouise time let live let go x3, ya sit around the table my
gossip queen, shouldnt be talking dont wast your preciouise time let live let go
x3, 'cause when i get ya your gonna say what you need, ive gotta get away from you
'cause it done for now. dont waste your preciouise time (end)
