

Origa, ????

</lyrics>

==Romanized Russian==

</lyrics>

U kraya nyeba naznachit vstryechu

U kraya nyeba uvidyet vyechyer

Otpuskaya golubya s ladoni

Ispolnyayu zhyelaniye

Dlya krylatyh nyet milyeye voli

V etom ih opabdaniye

Skolko ptitsu hye mani

V zoltuyu klyetku

Yej svobody krashye mig

I byez poyegrady

U kraya nyeba naznachit vstryechu

U kraya nyeba uvidyet vyechyer

Naslazhdayas pyeniyem iz klyet ki

Sami nye pohimayem

Chto v myechtah ona v lyesu navyetkye

A vo snye - vdrug vzlyetaet

Byotsya ptitsa o styeklo

Schastye pryedvkushaya

Ya otkopoyu jej okno

I byez pryegrady

U kraya nyeba naznachit vstryechu

U kraya nyeba uvidyet vyechyer
