

Orlando Brown, Will It Go Round In Circles

I've got a song I ain't got no melody
How'm I gonna sing it with my friends
I've got a song I ain't got no melody
How'm I gonna sing it with my friends
Will it go round in circles
Will it fly high like a bird up in the sky
Will it go round in circles
Will it fly high like a bird up in the sky
I've got a lil' story ain't got no moral
Let the bad guy win every once in a while
I've got a lil' story ain't got no moral
Let the bad guy win every once in a while
Will it go round in circles
Will it fly high like a bird up in the sky
Will it go round in circles
Will it fly high like a bird up in the sky
I've got a lil' dance ain't got no steps
I'm gonna let the music move me around
I've got a dance I ain't got no steps
I'm gonna let the music move me around
Will it go round in circles
Will it fly high like a bird up in the sky
Will it go round in circles
Will it fly high like a bird up in the sky
I've got a song I ain't got no melody
How'm I gonna sing it with my friends
I've got a song I ain't got no melody
How'm I gonna sing it with my friends
Will it go round in circles
Will it fly high like a bird up in the sky
Will it go round in circles
Will it fly high like a bird up in the sky
