

# Orquesta Del Desierto, Someday

Open up your eyes  
And look everything  
Time to realize  
It's not always what it seems  
Oh it's been so long  
Sill waiting on the day  
I can feel the light  
As time slips away

Hang on to someday  
And know it won't be long  
Until you stand forever  
With silence all around  
Someday  
May be  
Too late

Open up your mind  
Pulled over by the sky  
Try to fill the space  
Between our last goodbye  
Oh, it's been so long  
Waiting on parades  
I can see your light  
As time slips away

Hang on to someday  
And know it won't be long  
Until you stand forever  
With silence all around  
Someday  
Someday  
Someday  
Just may be  
Too late
