

Orquesta Del Desierto, What In The World

Reason to rhyme on
Not to button up
There's a whole lot of things going on
Bring the curtain on up
Reason to rhyme on
You think you've seen everything

There's no justice
Just us
Just is
Can't believe what you're saying

What in the world?

Reason to rhyme on
Set to trip
Bout all the things going on, y'all
Unzip your lip
Easy to ride on
If you believe
What can you when your perception is managed
By the powers that be?

What in the world?

Easy to cry on
When things get tough
Gives a reason to rhyme on
Bust a fuss
For there's no justice
Just is
That leaves us

What in the world?
