

Oscar Brand, Harding, You're The Man For Us

We need a man to guide us
Who'll always be beside us
A man who is a fighter through and through
A man who'll make the White House
Shine out like a lighthouse
And, Mr. Harding, we've selected you.

So it's Harding, lead the G. O. P.
Harding, on to victory
We're here to make a fuss
Warren Harding, you're the man for us!

We know we'll always find you
With Coolidge right behind you
And Coolidge never failed, you must agree
We know he will be guarding
The nation just like Harding
When you are both in Washington, D. C.

So it's Harding, lead the G. O. P.
Harding, on to victory
We're here to make a fuss
Warren Harding, you're the man for us!
Warren Harding, you're the man for us!
