

# Oscar Brand, I Like Ike

I like Ike  
I'll shout it over a mike  
Or a phone  
Or from the highest steeple

Yes, I like Ike  
And Ike is easy to like  
Stands alone  
The choice of "We the People";

A leader we can call  
Without political noise  
He will lead us all  
As he led the boys

So let's take Ike  
A man that all of us like  
Makes no deals  
His favor can't be curried  
And Uncle Joe is worried  
'Cause we like Ike
