

# Oscar Brand, If He's Good Enough For Lindy

Lindbergh flew the ocean  
He flew all the way to France  
Most of the way he flew  
He flew by the seat of his pants  
Good old American know-how  
That's the way it ought to be  
And if he's good enough for Lindy,  
He's good enough for me!

If he's good enough for Lindy, he's good enough for me  
If he's good enough for Lindy, he's good enough for me  
If he's good enough for Lindy, he's good enough for me  
Herbert Hoover is the only man can keep our country free.

We all remember Hoover  
How he helped us in the war.  
He helped us beat the Kaiser,  
Now he'll give us four years more  
He'll serve as our President  
To keep our country free  
And if he's good enough for Lindy  
He's good enough for me!

If he's good enough for Lindy, he's good enough for me  
If he's good enough for Lindy, he's good enough for me  
If he's good enough for Lindy, he's good enough for me  
Herbert Hoover is the only man can keep our country free.
