

Oscar Hammerstein, Shall We Dance

(Anna sings)

We've just been introduced
I do not know you well
But when the music started something drew me to your side
So many men and girls are in each others arms
It made me think we might be similarly occupied

Shall we dance, on a bright cloud of music
Shall we fly
Shall we dance
Shall we then say goodnight and mean goodbye
Or per chance, when the last little star has left the sky
Shall we still be together with our arms about each other
And shall you be my new romance
On the clear understanding that this kind of thing can happen
Shall we dance, shall we dance, shall we dance

(Interlude)

Shall we dance, on a bright cloud of music
Shall we fly
Shall we dance
Shall we then say goodnight and mean goodbye

(The King Sings)

Or per chance, when the last little star has leave the sky

(Anna Sings)

Shall we still be together with our arms about each other
And shall you be my new...

(Both Sing)

Romance
On the clear understanding that this kind of thing can happen
Shall we dance, shall we dance, shall we dance
