

# Osker, The Body

conversations haunt me like the body that wouldnt sink  
if i could id take back some things i have said  
i put alot on you it was good for sympathy  
but the truth is that i was that bad

so when i say nothing  
when i do nothing  
the thing i sit with come flying out

try responsabilty and not, not pasafisim  
dont take coverted that you damaged just find a way  
find a way to release the excess  
you'll find you self better off

so when i say nothing  
when i do nothing  
the thing i sit with come flying out

so when i say nothing  
when i do nothing

jump in dont slow down  
you dont think of me  
i wont retrack what iv done for her  
on behalf on behalf of her  
dont take that away i wont deprive that time of it  
some one said take the past , your not a reactionary  
i never had it hard you held that to me  
as i warrent of perpetual happiness

ha ha ha ha
