## Otep, Wurd Becomes Flesh

Can you hear them out there? Can you hear them out there? The war drums, the battle cries, calling See it was, uh, a night of lies, it was a sick quick compromise, it was...it was the devil in his eyes, it Hey. Is there anyone here that would like to confess they're sins to me tonight? (I just want to...) Plant is the confess they're sins to me tonight?

Hey, wait, what do we have here? Is it complete and total mutiny of the senses...(yeah, yeah, yeah And I heard it...and it was like, it was like 3:37 or something and...someone in the alley was murder

This is a song called cutter. Same sound its the same sting, its the same collapse of everything, its

The wind will not comfort me, Not the silence of the night, Not the shade of the blossoming moon C
