

Otilia, Nights In Marrakesh

I want you to stay
Remember what you said,
What you said to me.
Oooh I won't fight
Hold on tight I won't say goodbye
If you can bring Marrakesh to me
Say it and I will be there
I feel your hands running,
Running through my hair
Ohhh I won' t close my eyes
Hold on tight I won' t say goodbye
If you can bring Marrakesh to me
I see you can tell me
But you wanna tease me daily
All I ever wanted is right here with you
If you can bring Marrakesh to me
