

Otilia, On Fire

I can't imagine
How it would be like
If I never met you in that night
You stole my heart
Break it apart
Made me follow you to take it back

I wish you could forever stay
To be with you every night and day
Just you and me
Two beautiful souls writing poetry

Follow me
Be with me
Dream with me
(oo)
Follow me
Be with me
Dream with me
(ee)

My heart on fire (fire)
When you're around (you're around)
You sell me love, I'm the buyer (buyer)
You made me shivers from the start
My heart on fire (fire)
My heart on fire
My heart on fire (fire)
My heart on fire (fire)
etc

I wanna feel ya
I wanna touch ya
yee yee
I wanna feel ya
I wanna touch ya
Words cannot express enough
What I feel for you
That makes it tough
You have that special thing
That makes me fall in love
Without even to think
