

Otilia, Wine My Body

So if you wanna break my heart
I'm sayin'g that move ain't that smart
I'll bite a little bit of you
To see now what you gonna do
You know I'm dangerously hot
Come show me what you got
And I can take you sweet paradise. paradise. paradise.
Just lemme wine my body.
Lemme bring you down down
Lemme bring you down
Lemme bring you down down
Down down down. down down.
I am fire, Queen Latina
And they call me, Bella Reina
Think you know me but you don't sweet boy
All the diamonds bring me joy
I can let you, touch my body
If you promise, to me naughty
We can dance, we can dream in the night
We can work it and do it so right
I don't need no potion baby
I am naturally magical
Feel what is real my baby
Oh I can feel that this is chemical
I'm dangerously hot
Come show me what you got
And I can take you sweet paradise. paradise. paradise.
Just lemme wine my body.
Lemme bring you down down
Lemme bring you down
Lemme bring you down down
Down down down. down down.
I don't need no potion baby
I am naturally magical
Feel what is real my baby
Oh I can feel that this is chemical
I'm dangerously hot
Come show me what you got
And I can take you sweet paradise. paradise. paradise.
Just lemme wine my body.
Lemme bring you down down
Lemme bring you down
Lemme bring you down down
Down down down. down down...
