

# Otis Redding, It's Growing

Like the size of the fish  
Like the rope  
Like the tale of

But everyday, it grows a little more  
And it grows  
My love for you, it grows  
Hey, hey, hey  
But where it's gonna stop

I said it grows and grows  
It grows and grows

Like the need of  
Like the of his heart  
I say, everyday it grows and grows  
Hey, hey  
But where it's gonna stop

Nobody knows, it grows and grows  
Everyday  
And everynight, it grows  
My love for just keeps on growing
