

Otis Redding, Wonderful World

Don't know much about history
Don't know much about biology
Don't know much about a science book
Don't know much about the French I took

What I do know that I love you
And I know that if you love me too
What a wonderful world this would be

Don't know much about geography
Don't know much trigonometry
Don't know much about algebra
Don't know what a slide rule is for
What I do know, one and one is two
And if this one could be with you
What a wonderful world this would be

Now, I don't plan to be an A student
But I'm trying to be
For maybe by being an A student, baby
I can win your love for me

Don't know much about history, now
Don't know much about biology
I don't know much about the science book
Don't know much about the good French I took, oh

What I do know that I love you
And I wonder if you love me too
What a wonderful world this could be

Good God, I don't plan to be an A student
But I'm trying to be
For maybe by being an A student, baby
I can win your love for me

Don't know much about geography
Don't know much trigonometry
Don't know much about algebra
Don't know what a good slide rule is for

But I do know, one and one is two
And if this one could be with you
What a wonderful world this would be
Cha, cha, cha, cha, cha
I've been trying, I've been trying, I've been trying
