Otis Redding, Wonderful World

Don't know much about history Don't know much about biology Don't know much about a science book Don't know much about the French I took

What I do know that I love you And I know that if you love me too What a wonderful world this would be

Don't know much about geography
Don't know much trigonometry
Don't know much about algebra
Don't know what a slide rule is for
What I do know, one and one is two
And if this one could be with you
What a wonderful world this would be

Now, I don't plan to be an A student But I'm trying to be For maybe by being an A student, baby I can win your love for me

Don't know much about history, now Don't know much about biology I don't know much about the science book Don't know much about the good French I took, oh

What I do know that I love you And I wonder if you love me too What a wonderful world this could be

Good God, I don't plan to be an A student But I'm trying to be For maybe by being an A student, baby I can win your love for me

Don't know much about geography Don't know much trigonometry Don't know much about algebra Don't know what a good slide rule is for

But I do know, one and one is two And if this one could be with you What a wonderful world this would be Cha, cha, cha, cha I've been trying, I've been trying
