

Otis Redding, You Made A Man Out Of Me

You make a man just wanna change his mind
Everything you do
You sent me through, yes
And I love you for it

'Cause you made a big ol' man, girl, out of me

I can't explain, baby what you did for me now
But I love you for it

'Cause you made a big ol' man, girl, out of me

You made a big ol' man, girl, out of me, baby
I'm a sweet
You gave me everything
And I love you for it, darling

'Cause you made a great big man out of me
