

Our Lady Peace, Needle And The Damage Done

Caught you knockin at my cellar door
love you baby can I have some more?
oh damage done

I hit the city and I lost my band
watched the needle take another man
gone gone the damage done

Ow, oh my my my

Sing the song because I love the man
know that some of you don't understand
milk blood to keep from running out

I've seen the needle and the damage done
oh a little part of us in everyone
I've seen the needle and the damage done
a little part a little part
I've seen the needle

Oh I

I've seen the needle
seen the needle and the damage done
a little part of us in everyone
every junkie's like a setting sun.
